aspirational in terms of pupil outcomes. It was noted that the objectives were realistic and based on prior attainment. The Headteacher had advised that the School Improvement Partner had been engaged in the planning process and validated the objectives from an educational perspective. Whilst disappointed that they had not been involved in the school development planning, governors felt that the Headteacher had been provided with appropriate direction on appointment and was now fulfilling the expectations set. Governors were happy with the suggested content of the Headteacher's report for 2014/15.

AGREEMENT - The Full Governing Body approved the proposed school development plan in principle subject to a two-week period during which Governors could make comments and suggestions for amendments to the plan.

c) School Hours - Update on Consultation Governor comments on the proposed consultation had been collected. It was noted that there was some reticence around the proposal to close the school on Friday afternoons though in principle there was support for the idea of a whole school planning and development session weekly.

7.47pm - Ruth O'Keeffe left the meeting.
